Waste Week

The focus for our national waste saving campaign this year was food waste and packaging. We have taken part in lots of different activities throughout the week; Willow Class have learnt about life on a landfill and Oak Class have produced pie charts, line graphs and bar charts about our waste and made plant pots from old plastic pop bottles. The entries to this year's competition were fantastic; there were some wonderful ideas about how to reduce packaging waste. The Eco-Committee have been monitoring the waste that we send to landfill and the waste that we send to be recycled; each day they have weighed the rubbish and recorded the data. It has been a busy but fun week!
